Asst.Professor,
Civil Department,
VREC.

Sub: Request for conducting the Two Days FDP program on Geo-Technical and Structural Engineering Labs for Civil Engineering Non –Teaching staff – Reg.

Respected Sir,

The Department of Civil Engineering is proposing to conduct the Two Days FDP program on Geo-Technical and Structural Engineering Labs for CIVIL Non- Teaching staff from 13-03-2023 to 14-03-2023. We believe that your extensive knowledge and experience in this field would greatly benefit our staff members who are responsible for training our students in this program. We are confident that with your guidance, our Non-Teaching staff members will be able to enhance their skills and knowledge in Geo-Technical and Structural Engineering Labs which in turn will positively impact the learning outcomes of our students.

We would be grateful if you could provide us with a detailed programme, including the topics to be covered, the duration of each session, and any required materials. We also request you to provide us with a breakdown of the fees and any other expenses that may be involved.

We request for your kind acceptance to conduct this program with the following above details.

Thanking You Sir

Sub: Request for conducting the Two Days FDP program on Design of Solar System for Homes (II-II) for Electrical and Electronic Engineering Staff – Reg.

Respected Sir,

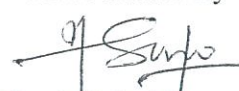

The Department of Electrical and Electronic Engineering is proposing to conduct the Two Days FDP program on Design of Solar System for Homes (II-II) for Electrical and Electronic Engineering staff from 25-03-2021 to 26-03-2021. We believe that your extensive knowledge and experience in this field would greatly benefit our technical staff members who are responsible for training our students in this program. We are confident that with your guidance, our staff members will be able to enhance their skills and knowledge in Foundation course on Electronics which in turn will positively impact the learning outcomes of our students.

We would be grateful if you could provide us with a detailed programme, including the topics to be covered, the duration of each session, and any required materials. We also request you to provide us with a breakdown of the fees and any other expenses that may be involved.

We request for your kind acceptance to conduct this program with the following above details.

Sub: Request for conducting the Two Days FDP program on Tribology of Machine Components and Applied Tribology for Mechanical Engineering staff – Reg.

Respected Sir,

The Department of Mechanical Engineering is proposing to conduct the Two Days FDP program on Tribology of Machine Components and Applied Tribology for MECH staff from 22-08-2022 to 23-08-2022. We believe that your extensive knowledge and experience in this field would greatly benefit our staff members who are responsible for training our students in this program. We are confident that with your guidance, our staff members will be able to enhance their skills and knowledge in Tribology of Machine Components and Applied Tribology, which in turn will positively impact the learning outcomes of our students.

We would be grateful if you could provide us with a detailed programme, including the topics to be covered, the duration of each session, and any required materials. We also request you to provide us with a breakdown of the fees and any other expenses that may be involved.

We request for your kind acceptance to conduct this program with the following above details.

Thanking You Sir

Sub: Request for conducting the TWO DAYS FDP program on RECENT TRENDS IN VLSI CHIP CIRCUITS FOR SENSOR APPLICATIONS for Electronics and Communication Engineering

Respected Sir,

The Department of Electronics and Communication Engineering is proposing to conduct the Two Days FDP program on Recent Trends in VLSI Chip Circuits for Sensor Applications for ECE staff from 22-08-2018 to 23-8-2018. We believe that your extensive knowledge and experience in this field would greatly benefit our staff members who are responsible for training our students in this program. We are confident that with your guidance, our staff members will be able to enhance their skills and knowledge in Recent Trends in VLSI Chip Circuits for Sensor Applications which in turn will positively impact the learning outcomes of our students.

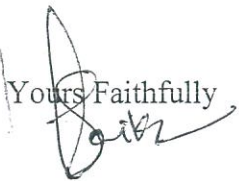

We would be grateful if you could provide us with a detailed programme, including the topics to be covered, the duration of each session, and any required materials. We also request you to provide us with a breakdown of the fees and any other expenses that may be involved.

We request for your kind acceptance to conduct this program with the following above details.

Thanking You Sir

Respected Sir,

The Department of Computer Science and Engineering is proposing to conduct the Two Days FDP program on Introduction to IOT for Computer Science and Engineering staff from 03-04-2023 to 04-04-2023. We believe that your extensive knowledge and experience in this field would greatly benefit our technical staff members who are responsible for training our students in this program. We are confident that with your guidance, our technical staff members will be able to enhance their skills and knowledge in Introduction to IOT which in turn will positively impact the learning outcomes of our students.

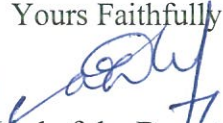

We would be grateful if you could provide us with a detailed programme, including the topics to be covered, the duration of each session, and any required materials. We also request you to provide us with a breakdown of the fees and any other expenses that may be involved.

We request for your kind acceptance to conduct this program with the following above details.

Sub: Request for conducting the Two Days FDP program on Software requirements Specifications for Computer Science and Engineering staff – Reg.

Respected Sir,

The Department of Computer Science and Engineering is proposing to conduct the Two Days FDP program on Software requirements Specifications for Computer Science and Engineering staff from 20-10-2021 to 21-10-2021. We believe that your extensive knowledge and experience in this field would greatly benefit our staff members who are responsible for training our students in this program. We are confident that with your guidance, our staff members will be able to enhance their skills and knowledge in Software requirements Specifications which in turn will positively impact the learning outcomes of our students.

We would be grateful if you could provide us with a detailed programme, including the topics to be covered, the duration of each session, and any required materials. We also request you to provide us with a breakdown of the fees and any other expenses that may be involved.

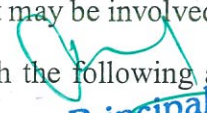

We request for your kind acceptance to conduct this program with the following above details.

Thanking You Sir

Sub: Request for conducting the Two Days FDP program Thermodynamics for Basic Sciences and Humanities staff – Reg.

Respected Sir,

The Department of Basic Sciences and Humanities is proposing to conduct the Two Days FDP program on Thermodynamics for Basic Sciences and Humanities staff from 11/04/2023 to 12/04/2023. We believe that your extensive knowledge and experience in this field would greatly benefit our staff members who are responsible for training our students in this program. We are confident that with your guidance, our staff members will be able to enhance their skills and knowledge in Thermodynamics which in turn will positively impact the learning outcomes of our students.

We would be grateful if you could provide us with a detailed programme, including the topics to be covered, the duration of each session, and any required materials. We also request you to provide us with a breakdown of the fees and any other expenses that may be involved.

We request for your kind acceptance to conduct this program with the following above details.

Thanking You Sir

Sub: Request for conducting the Two Days FDP program GLOBAL ENGLISH AND PROFESSIONAL DEVELOPMENT for Basic Sciences and Humanities staff – Reg.

Respected Sir,

The Department of Basic Sciences and Humanities is proposing to conduct the Two Days FDP program on Global English and Professional Development for Basic Sciences and Humanities staff from 26-10-2018 to 27-10-2018. We believe that your extensive knowledge and experience in this field would greatly benefit our staff members who are responsible for training our students in this program. We are confident that with your guidance, our staff members will be able to enhance their skills and knowledge in Global English for Engineering Research which in turn will positively impact the learning outcomes of our students.

We would be grateful if you could provide us with a detailed programme, including the topics to be covered, the duration of each session, and any required materials. We also request you to provide us with a breakdown of the fees and any other expenses that may be involved.

We request for your kind acceptance to conduct this program with the following above details.

Sub: Request for conducting the Two Days FDP program Emerging Trends in Digital Analysis for Business Management staff – Reg.

Respected Sir.

The Department of Business Management is proposing to conduct the Two Days FDP program on Emerging Trends in Digital Analysis Business Management staff from 28-11-2019 to 29-11-2019. We believe that your extensive knowledge and experience in this field would greatly benefit our staff members who are responsible for training our students in this program. We are confident that with your guidance, our staff members will be able to enhance their skills and knowledge in Emerging Trends in Digital Analysis which in turn will positively impact the learning outcomes of our students.

We would be grateful if you could provide us with a detailed programme, including the topics to be covered, the duration of each session, and any required materials. We also request you to provide us with a breakdown of the fees and any other expenses that may be involved.

We request for your kind acceptance to conduct this program with the following above details.

Subject: - Request regarding approval of Two Days FDP Program for Emerging Trends in Digital Analysis

Respected Sir,

The Department of Business Management is proposing to conduct a two days faculty development programme in our institution for Emerging Trends in Digital Analysis. The programme will be held on our college premises from 28-11-2019 to 29-11-2019. I request for your kind approval to conduct this program and to provide the required resources to conduct the program.

We believe that your extensive knowledge and experience in this field would greatly benefit our staff members who are responsible for training our students in this Program. We are confident that with your guidance, our staff members will be able to enhance their skills and knowledge in Emerging Trends in Digital Analysis, which in turn will positively impact the learning outcomes of our students.

Thanking You.
